

Photo-quadrat worksheet

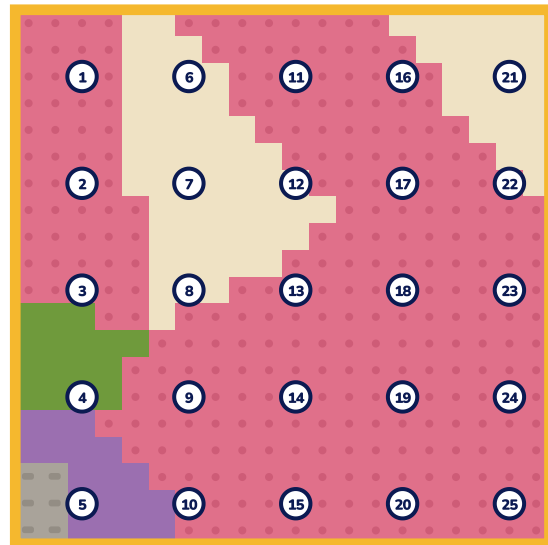

Measuring coral cover

Name: _____

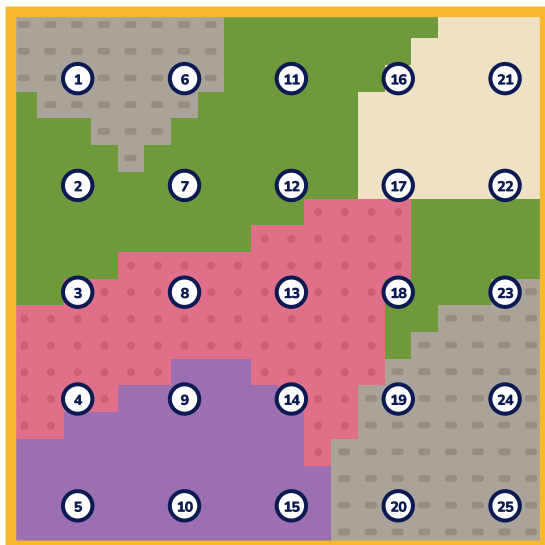

H = Live hard coral S = Soft coral A = Algae D = Sand R = Rubble

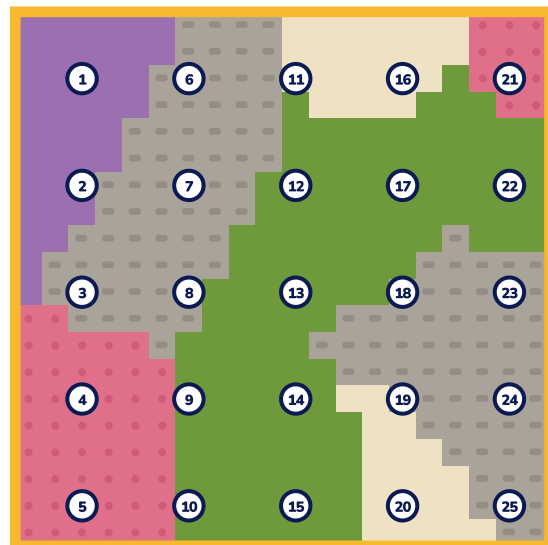

Protected site, quadrat 1

Protected site, quadrat 2

Fished site, quadrat 1

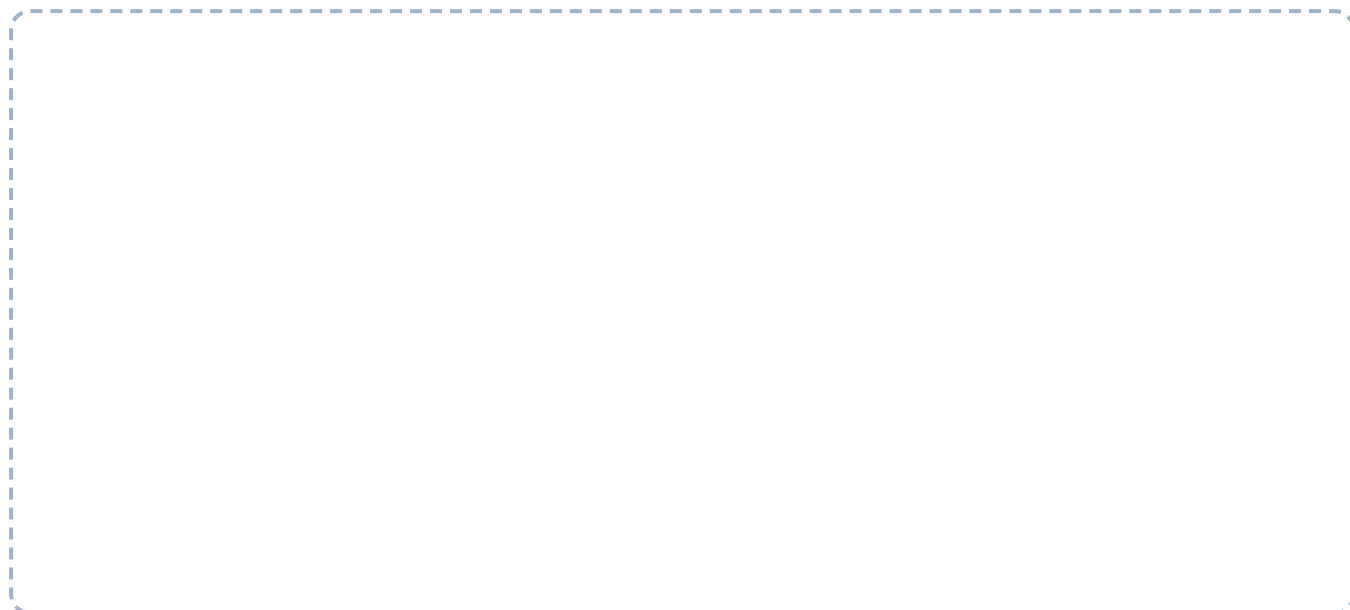

Fished site, quadrat 2

Record the number of points in each category

Points per category	H	S	A	D	R
Protected site, quadrat 1					
Protected site, quadrat 2					
Fished site, quadrat 1					
Fished site, quadrat 2					

Average live hard coral cover. Protected site: _____ % Fished site: _____ %

Draw a bar chart of average percent cover for each category at both sites.

What might explain the difference?
