

My reef food web

Worksheet

Name: _____

1. Draw arrows from each food to the animal that eats it. Use the species cards to help.

2. Write out one food chain with at least four links.

3. If all the tiger sharks were fished out, which animals might become more common? What might happen to the seagrass?

4. Why is it useful to keep a record of the sharks and rays seen on a reef?
